102 GOVERNANCE AND ADMINISTRATION

Modified 07

- 102.1 The Onion Lake Board of Education has been mandated by the Onion Lake Chief and Council to assume full and final authority and responsibility for the delivery of all post-secondary services for the membership of the Onion Lake Cree Nation. In order to maintain quality, timely and professional service for the membership, the Board of Education has established these policies to ensure the smooth and efficient operation of this department. The Chief and Council review and adopt these policies annually.
- 102.2 The Board of Education will meet annually to review policies, regulations and procedures and make amendments as necessary. The revised policies will be presented to Chief and Council for their approval.
- 102.3 All applicants will be informed in writing as to the status of their applications within one week after the Board has made funding decisions.
- 102.4 In the event that an application has been classified as ‘deferred’, it is the responsibility of the applicant to ensure it remains active by contacting the post- secondary office after each term until the June 30th application deadline date. It is to the benefit of the applicant to keep their file active because priority is determined by the original register date.
- 102.5 Student selection, PRIORITY placement and financial support will be established and determined as per policy.
- 102.6 All Post Secondary students funded by Onion Lake will be required to sign a contract outlining their responsibilities.

103 ELIGIBLE STUDENTS AND PROGRAMS

Modified: 2020

- 103.1 The student must be a registered member of the Onion Lake Cree Nation. New band members (transferred from another band) will have to adhere to the deadline dates.
- 103.2 To be classified as full-time, students must be enrolled in minimum of four (4) classes. Should a student drop below the minimum requirement, he/she will be considered a part-time student. The Post-secondary department reserves the right to request a copy of the student's official timetable to verify full time enrolment. Prior to a student dropping below the minimum requirement, he/she shall be required to discuss their academic progress with the post secondary coordinator.
- 103.3 In order to be eligible for funding, prospective and continuing students need to adhere to the application dates. Failure to submit required documentation by deadline dates will result in delays and/or disqualification from funding. Application dates are as follows

Fall - (September-December)

- May 31st - deadline date for new/continuing applications
- June 30th - deadline date for required documents
- July 15th - Send out student/institute sponsorship letters for Fall

Winter- (January-April *subject to funding*)

- October 31st - deadline date for new/continuing applications
- November 15th - deadline date for required documents

- 103.5 All continuing students must submit an official transcript of marks and any required documentation to maintain funding. Failure to do so will result in allowance being put on hold or disqualification of funding.
- 103.6 The student must be accepted in an INAC approved post secondary institution. Prospective students should be aware that some private institutions are not approved for funding. List of institutions not approved for funding: Reeves, Academy of Learning, CDI, MC College or any other private institution where credits are not transferable to main stream institutions.
- 103.7 The student must be in a program of at least eight (8) months' duration that leads to a recognized post secondary certificate, diploma, or degree and meets the application funding guidelines.

104 LIMITATIONS AND RESTRICTIONS ON FUNDING

Although the Onion Lake Cree Nation and the post-secondary education department believe that lifelong learning is a right guaranteed by treaty, the Department of Indian Affairs considers post-secondary funding to be a social program. Until that thinking changes there will be limitations as to the amount of money the Onion Lake Cree Nation has available to support Post-Secondary students.

- 104.1 Support will be provided to students within the limits of funds allocated by INAC. If support for the number of applicants exceeds the budget, applications will be accepted according to the criteria set out by the Onion Lake Board of Education Post Secondary Policy Manual. See Policy 105.
- 104.2 All students must sign a Student Release Form enabling the institution to release marks to the post-secondary department. The release form is a part of the student funding application form.
- 104.3 For a certificate or diploma program students are limited to 24 months of funding. For a bachelor degree program, students are limited to 48 months of funding. If students are taking a degree after a certificate, the months of funding they received for the certificate or diploma program count towards the 48 months. Students taking a Master's or Doctoral program are exempt from the 48 months funding restriction.
- 104.4 Should a student be Required to Discontinue (RTD), their post-secondary allowance will automatically be discontinued.
- 104.5 RTD is defined as required to discontinue after one full year of academics due to failure to meet institutional academic standards. Suspension is defined as a failure to meet institutional standards after one semester. In terms of priority for funding two suspensions will be equivalent to a RTD.
- 104.6 Should students be RTD, they must wait two academic years before being considered for future funding unless they fund themselves for a full year and demonstrate academic success.
- 104.7 Students who are RTD from a LMA sponsored program must wait two academic years before their application to a post-secondary program will be considered unless they fund themselves for a full year and demonstrate academic success.
- 104.8 Individuals who choose to fund themselves after being denied for funding by Onion Lake Post Secondary will not be entitled to any reimbursement.

105 APPLICATION PRIORITIES

Modified: 2020

- 105.2 All students seeking Post Secondary funding for the next academic year must apply annually by May 31st. It is understood that students who qualify for Post Secondary funding will be conscientious in pursuing their academic program by attending classes regularly and passing all their classes.
- 105.3 Due to funding restrictions from INAC and insufficient/late documentation provided by the student, some student's application for funding may not be accepted. Priority for approval of applications for students funding will be based on the following:
- Priority 1 - Students who are continuing working towards a certificate, diploma or degree. Students will be funded up to the completion of one degree.
 - Priority 2 - Grade 12 or Adult 12 who have graduated within the past two years and have not previously received post secondary funding.
 - Priority 3 - Students returning to the same program after a leave of absence due to reasons other than being RTD.
 - Priority 4 - Students seeking a graduate degree.
